**I-15 @ DEVORE CLOSURE UPDATE
FOR THE WEEK OF AUGUST 8, 2004**

DEVORE – The California Department of Transportation (Caltrans) is preparing for the lane closures for the pavement rehabilitation project that will cover I-15 from Sierra Avenue in Fontana to the I-15/I-215 Interchange in Devore

**NIGHT TIME LANE CLOSURES
WEEK OF 8/8/04**

Sunday 8/8/04 through Friday 8/13/04

The #1 lane and at times the #2 lane will be closed from 7:00 p.m. through 7:00 a.m. to complete the following work:

- Place movable barrier on northbound I-15 south of Glen Helen Parkway.
- Place k-rail at bridge approaches at Glen Helen Pkwy undercrossing on the right shoulders on the northbound and southbound I-15.
- Roadway excavation and asphalt milling at the 15/215 separation to Glen Helen Pkwy.
- Continue removal of existing guardrail in the median and bridge approaches.

This work is necessary to prepare the roadway for the 6-week lane closures, which are scheduled to begin September 13, 2004. This project will replace deteriorated pavement and improve the ride quality of I-15 for the motoring public. When complete the roadway will have a service life up to thirty years, with minimum maintenance and traffic disruptions required.

Your patience is appreciated during this rehabilitation project. Keep alert, pay attention, be prepared for reduced lanes and **Slow for the Cone Zone**.
